

APO's training programs

- **Major DL based Seminar Courses:**

Total Quality Management (TQM), Toyota Production System (TPS), Green Productivity (GP)

- **Organizer;**

Asian Productivity Organization in collaboration with National Productivity Organizations

- **Previous delivery records with evaluation;**

* TQM: a full 3- day course in December 2004 and 2005 respectively

* TPS: a full 3-day course in March, May, and (tentatively) August 2006 – same course delivery in three phases

* GP: under plan – same implementation modality as that of TPS – two phases

- **Possible targeting areas/countries;**

APO's member countries in Asia and Pacific regions

- **Target audience;**

Public, private sector, academia, (participants: nominated by NPOs & authorized by APO + Observers: nominated by each DLC up to 5)

- **Funding source;**

- Contents, resource person; APO HQ

- GDLN usage costs; APO HQ (tentatively by the end of 2006)

- **Delivery modality;**

Distance Learning-based, Blended approach (VCs + local discussions), WBL (APO's e-learning platform)

- **Necessary points to move programs forward**

- Encourage collaboration between NPO's and DLCs.
- Improve APO's training methodology through instructional design services and suggestions on selecting ICT tools appropriate for the GDLN.
- Examine effective use of recording media of past training course via GDLN.

- **Challenge;**

- Closed-type training courses.
 - APO's limited authority to NPOs.
-
